

Accessibility

The Institute of Sport of the Republic of Slovenia Planica is committed to ensuring the accessibility of the website portal <https://www.nc-planica.si/> in accordance with the Slovenian Web Accessibility of Websites and Mobile Applications Act for all users (Official Gazette of the Republic of Slovenia No. 30/18, 95/21 – ZInV-A, 189/21 – ZDU-1M, and 18/23 – ZDU-1O).

Accessibility Statement

This accessibility statement applies to <https://www.nc-planica.si/>, the website portal of the Institute of Sport of the Republic of Slovenia Planica.

To meet accessibility requirements, several adjustments have been systematically implemented, including:

- Responsive design (adapting the content layout to screen resolution);
- Appropriate CGP colour contrasts (between the text and the background);
- Predictable website behaviour;
- Enabled adding of alternative text to the images;
- Ability to enlarge text font size in several steps;
- Keyboard navigation (adaptation for users who cannot use a mouse).

Level of Compliance

The website portal <https://www.nc-planica.si/> is partially compliant with the [Web Accessibility of Websites and Mobile Applications Act](#) due to the exceptions listed below.

Non-Accessible Content

We continuously monitor and improve the accessibility elements of the website portal <https://www.nc-planica.si/>. However, some published content does not fully meet all accessibility requirements as defined by the Web Accessibility of Websites and Mobile Applications Act.

Examples of such content include:

- Content is not fully accessible to users of assistive technologies (such as screen readers or Braille displays);
- No Slovenian sign language interpreter is available for video content;
- No option to choose alternative colour schemes or fonts (fixed settings).

Any additional adaptations would represent a disproportionate burden, as these documents are intended for a narrower target audience. In the future, when introducing major system changes, we will strive to adapt them as much as possible for vulnerable groups as well.

Preparation of the Accessibility Statement

- This statement was prepared on 9 February 2026 based on a self-assessment.
